

Congratulations!

You've downloaded one of our special treasure chest worksheets! Can you complete the answers, crack the code and win your prize?

How to Play

1. Complete the activities on this sheet. Double-check your answers, they must be right for your code to work.
2. Find the answer boxes with a numbered treasure chest next to them.
3. Copy each treasure chest answer into the correct space below. The number on the treasure chest matches the space, make sure you get them in the right order!
4. When your code is complete, head to our treasure code page and enter it into the space provided.
