

Fairy Greetings,

How lovely to fly over to you again,
you have been keeping me very busy
with all of your sparkly, clean teeth
falling out!

My Fairy Castle is looking wonderful,
your teeth make it shine just like the stars.

I hope I didn't wake you, my wings were
a little tired so I had a little rest next to
you to recharge my Fairy Wings.

Thank you for leaving your tooth safe,
I have left you an extra special gift.

The Tooth Fairy
