

Nice to see you again Fairy Friend,

Just look how big and grown up you are now!

I've been using the teeth in my fairy castle as decorations and yours will make it extra special.

Thank you for leaving it in your special place, it doesn't have to be under your pillow- I can find your teeth wherever you leave them for me with my super Fairy Powers!

I can't wait to come again soon,

Sparkles,

*The Tooth Fairy.*
