

Hello Sparkle Friend,

My what an evening I have had! I am so sorry that I was late for your tooth and you woke in the morning without a special gift.

I am afraid I got a little windswept last night and I got blown into a cobweb and Miss Spider was ever so kind as to help me unstick from her beautiful web but it made me so very late to get to you.

I have left you a special gift to make up for it!

Love and sparkles,

*The Tooth Fairy*
