

Unleash the Magic, and let our Tooth Fairies take your Child's Experience to New Heights!

Hi there proud parents and guardians!

We at justfamilyfun.com wanted to extend our heartfelt gratitude to you for downloading our complimentary Tooth Fairy letters. And we'd like to show you how you can make your child's experience even more memorable!

We are thrilled to introduce our brand-new collection of 20 printable Tooth Fairy Letter packages. That's one for every baby tooth – or plenty to share between siblings!

Here's a quick summary of the printables provided for each fairy:

- Editable Letter to your child from the Tooth Fairy
- Detailed Tooth Fairy biography
- All About the Tooth Fairy's House (story)
- Editable Tooth Fairy Certificate
- ...And plenty more editable bonus materials!

Each of our Tooth Fairies has a one-of-a-kind personality and back story, as well as a unique 'magic spell' designed to give your child a little boost or help them find their way through a problem.

Not only can you generate some excitement around the loss of a tooth – and provide some dental hygiene encouragement! – but there's a whole fantastical world to dive into, and a character your child can identify with too.

Thank you once again for being part of the justfamilyfun.com community. We can't wait to hear all about your child's Tooth Fairy experience!

Hello, again my Fairy Friend,

It is wonderful to see you have been keeping your teeth clean and healthy. They make the most sparkly teeth for my castle.

My Fairy helpers tell me how beautiful they shine, just like the moon!

Thank you for leaving it for me, I have left you something special in return, I hope you enjoy it!

I best fly off now, I have lots of other children to visit and teeth to collect.

Fairy Sprinkles,

The Tooth Fairy
