

Dear

Greetings from the Enchanted Kingdom! I hope this message finds you surrounded by laughter and wonder. I am Luna, one of the many tooth fairies who flutter about to collect precious teeth from amazing children like yourself.

Tonight, as I danced into your room with my heart full of excitement, I couldn't wait to collect the tooth you left for me. However, much to my wonder and surprise, I learned that your tooth had gone on an unusual journey—it decided to go a different way and dived into your tummy!

Oh, what a lively tooth you have! It must have been tempted by the delicious treats along its unexpected route. But don't worry, even though your tooth is now resting in the warmth of your belly, the magic lives on.

To celebrate this toothy adventure, my fairy friends and I have decided to sprinkle extra stardust under your pillow tonight. This magical fairy dust is a special gift to remember the journey your tooth went on, adding a touch of sparkle to your dreams.

If you see a shimmer in the air or some fairy mischief in your dreams, know that it's our way of saying thanks for your special toothy tale. And who knows, your next lost tooth may choose a more traditional path!

Wishing you a night filled with enchantment and dreams that twinkle like stars,

Luna
