

Dear

How wonderful to visit your house again! I am your Tooth Fairy, Starshine Flutter, and I'm so excited that you have lost another tooth.

I'm so pleased that this tooth is so strong and healthy, just like the last one I collected from you. Your teeth are used as building blocks in the Fairy Castle where I live, so the stronger they are the better!

It seems that you are doing a great job of looking after your teeth! Because I'm so proud of you, I performed my special 'Toothsparkle' spell for you whilst you were sleeping. This magical spell will help remind you to always look after your teeth while you are growing up so I can visit you again.

With lots of love,

Starshine
Flutter
